XCR JERSEY

- » Cut & sew 17 panel design provides best features of three separate fabrics.
- » Lower sleeve and side panels made from TC-100 performance wicking material.
- » Upper front, back and outer sleeve constructed of semi-ventilated mesh for moderate breathability and high strength.
- » Front & rear center panels made from durable jacquard to tuck into riding pants without bulk.
- » V-neck collar for less restriction with increased air flow.
- » Synthetic materials will not absorb your sweat and become heavy and non-breathable like cotton.
- » Moisture-wicking material keeps you cool in summer and dry in winter.
- » Machine washable.
- » Available in sizes M-3X.
- » \$49.95
- » 03 = Medium 04 = Large 05 = XLarge 06 = 2XLarge 07 = 3XLarge

XCR PANT

- » 23 separate stretch panels provide maximum comfort, flexibility, and airflow.
- » Leather inner-knee grips the tank and withstands exhaust heat and knee braces.
- » Exclusive "pre-curved" leg pattern designed for the riding position.
- » Kepro-Tec, the latest in high abrasion stretch material, is used in the knee area to withstand everything from thorny bushes to kneeling trail-side tire changes.
- » Unique Spandex side panel provides the ultimate combination of comfort and support for aggressive or casual riding.
- » Oversized knee panel fits over knee/shin guards and braces comfortably.
- » Waist cut higher in back to prevent "droopy butt" while riding.
- » Machine washable.
- » Available in sizes 30-46.
- » \$149.95

XCR GLOVE

- » The ultimate glove for off-road competition.
- » Durable, punched clarino palm provides excellent grip and breathability.
- » Open-mesh stretch material on back of hand offers exceptional comfort and air flow.
- » Molded neoprene panel over knuckles for flexibility and protection.
- » Lycra panels between fingers for additional flexibility and air flow.
- » Hook-and-loop wrist closure adds wrist support.
- » Tac-grip rubber on ends of index and middle fingers for increased lever control.
- » Available in sizes S-2X.
- » \$34.95
- » 02 = Small 03 = Medium 04 = Large 05 = XLarge 06 = 2XLarge

NEW MONARCH PASS GEAR with eVENT™ Fabric

Forget what you know...a change in the way we perceive waterproof breathable material is long overdue. What good is the conventional waterproof protection with minimal breathability and an inner liner that attracts moisture? Not much when your own sweat coats the jacket's inside and gives you that cold "clammy" feel. That's why we're proud to introduce the new Monarch Pass Jacket and Pant with eVENT™ fabric. After two years of extensive testing, we've found eVENT™ performance equal in water/windproof ability, yet far better in breathability and moisture transfer. Quite simply, the redesigned Monarch Pass gear is even better at keeping you dry from the inside and out.

MONARCH PASS WATERPROOF JACKET

- » Made for serious riding in serious weather.
- » Highly breathable eVENT™ fabric keeps wind and water out, but lets perspiration vapor pass through.
- » "Moisture hating" inner liner keeps perspiration on the move away from your body.
- » Chest and upper arm vents channel air directly to the body when open.
- » Five pocket design gives plenty of storage room for small items.
- » Rear vents in back provide venturi effect, creating maximum air flow through for wider comfort range.
- » Fleece lined, extra high collar allows water to flow off of helmet and over the back, without leaking down your neck.
- » Nylon strap on left sleeve to attach your wrist watch.
- » Tough, reflective ballistic nylon reinforcements on forearm and elbow areas.
- » Stowaway pocket in back turns into a fanny pack, so you can carry your coat when you don't want to wear it.
- » Available in sizes M-3X.
- » \$299.95
- » 02 = Small 03 = Medium 04 = Large
05 = XLarge 06 = 2XLarge 07 = 3XLarge

MONARCH PASS WATERPROOF PANT

- » eVENT™ fabric for complete protection against wind and water.
- » Designed extra roomy so you get total freedom of movement.
- » Outer gaiter keeps water and mud from running into boots.
- » Knee areas feature ballistic nylon panels in front for greater wear resistance.
- » Cordura seat for more comfort and longer pant life.
- » Only the highest quality at a very attractive price.
- » Available in sizes 32-42.
- » \$199.95

MONARCH PASS GLOVE

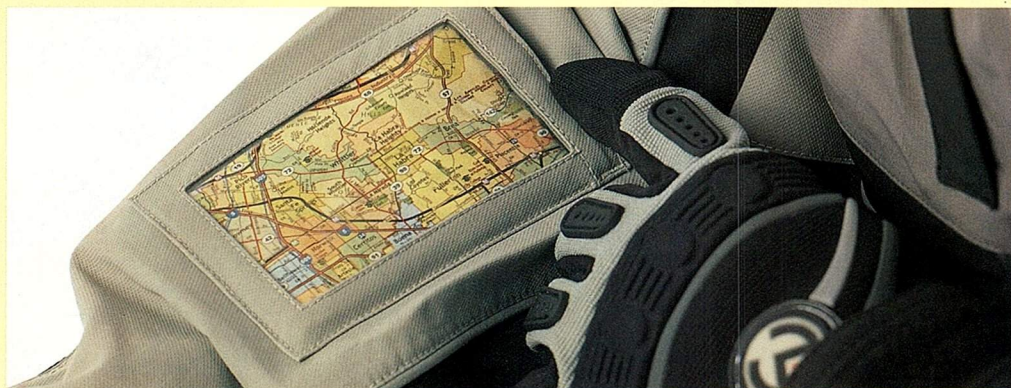

- » The ultimate glove specially designed for the cold weather rider.
- » Developed with windblocker fleece materials to keep the cold weather out.
- » Clarino palm offers the same comfort and feel as the motocross glove.
- » Tac-grip on index and middle finger for increased lever control.
- » Hook-and-loop closure for added wrist support.
- » Available in sizes XS-2X.
- » \$25.95
- » 01 = XSmall 02 = Small 03 = Medium
04 = Large 05 = XLarge 06 = 2XLarge

XCR JACKET

- » New 2003 design utilizes a revolutionary waterproof, highly breathable fabric developed exclusively for Moose.
- » New hook-and-loop system allows front vents to be closed tight for warmth or opened fully for direct airflow.
- » Unique Moose XCR ventilation system features eleven individual vents for maximum controllable ventilation.
- » Rear "T" vent system expels far more body heat than the competition's.
- » Reinforced high abrasion areas.
- » Collar is lined with soft, fleece and cut tall in the back for warmth and rain protection.
- » Self storage feature. Handy pack design allows jacket to be stuffed inside it's own rear pocket, which becomes a fanny pack.
- » Two hand warmer front pockets.
- » Drink port hole on left chest pocket for drink system access.
- » Available in sizes M-3X.

No one wants to be weighted down by a heavy fanny pack. That's why Moose has creatively engineered several compact, multi-use tools. We can easily cut the number of tools in your pack in half, yet you will still have the same necessary tools for most trail side repairs. So pack smart ...pack light.

6-IN-1 SCREWDRIVER

- » Essential fanny pack tool - replaces six separate tools.
- » Replace four bulky screwdrivers for one.
- » Two sizes of flat and Phillips screwdriver tips included
- » Features 6mm and 8mm sockets for main jets and side panel bolts with tips removed.
- » \$7.95

4-IN-1 SCREWDRIVER

- » Fish bowl display contains 30 screwdrivers.
- » Each screwdriver contains extension, 2 Phillips bits and 2 straight bits.
- » Great fanny pack tool
- » \$2.95 Each

T-HANDLED WRENCH (REMOVABLE SOCKETS)

- » T-Handled wrench for your fanny pack!
- » All three ends feature 1/4" drive for quick socket attachment.
- » Socket positions can be alternated for long reach and better leverage.
- » 8mm, 10mm and 12mm sockets included.
- » \$29.95

T-HANDLED WRENCH (NON-REMOVABLE SOCKETS)

- » T-Handled wrench for your fanny pack.
- » Sockets permanently attached to prevent loss.
- » Smaller size for easier packing.
- » Available in two styles.
- » \$28.95

T-HANDLE ALLEN WRENCH

- » Permanently attached drives
- » Smaller size for easier packing
- » Includes 4mm, 5mm and 6mm
- » \$28.95

MULTI-TOOL

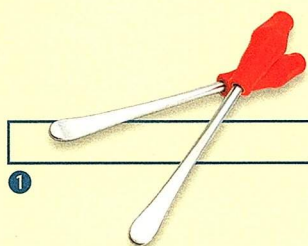

- » Compact multi-tool replaces several bulky tools and comes in a durable belt pouch.
- » Includes; large and small cutting blade, file, saw blade, can/bottle opener, Phillips head screwdriver, pliers, a small, medium, and large tip regular screwdriver.
- » Great for mechanics and pit helpers too.
- » Clip it on your belt or stuff it in your fanny pack!
- » \$16.95

QUICKSTEEL EPOXY

- » Essential fanny pack item.
- » Permanently bonds most surfaces, including steel, aluminum, magnesium and most plastics.
- » Neat, easy to use putty cures steel-hard in 15 minutes.
- » Withstands high engine temperatures.
- » Buy 12 to receive a free P.O.P. box.
- » \$4.95

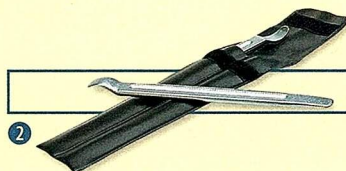

BUDDY TOW

- » Don't go riding without your buddy.
- » Compact 12' long military-spec nylon tow strap with 1785 lb. test strength.
- » Includes convenient carry pouch measuring only 6" L x 2" W x 1" thick.
- » \$12.95

*OEM Replacement Style Perch

ALUMINUM REPLACEMENT LEVERS ①

- » Ergonomic design with anti-friction bronze bushing eases clutch pull and reduces arm pump.
- » Forged aluminum construction means levers can be bent back to original shape, unlike brittle stock levers.
- » Brake and clutch levers sold separately.
- » ALL EXCEPT M553-50-20 \$24.95
- » \$8.95

TWO-PIECE CLUTCH PERCHES ②

- » Two-piece design allows easy changes, without removing grips.
- » Alloy construction.
- » Includes cable adjuster and pivot bolt.
- » \$9.95 - \$10.95

EZ-ADJUST CLUTCH PERCH ③

- » EZ-adjust mechanism requires no tools for on-the-fly adjustments.
- » Two-piece design allows easy changes without removing grips or throttle.
- » Teflon® insert allows perch to rotate upon impact.
- » Includes cable adjuster and pivot bolt.
- » \$29.95

COMPETITION LEVERS ④

- » Ergonomic design with anti-friction bronze bushing eases clutch pull and reduces arm pump.
- » Vulcanized silicone rubber grip pattern prevents fingers from slipping off control levers.
- » Forged aluminum construction means levers can be bent back to original shape, unlike brittle stock levers.
- » Sold in pairs.
- » \$22.95, M553-50-20 \$34.95

MOOSE EASY PULL CLUTCH SYSTEM ⑤

- » Constructed of high-strength forged aluminum.
- » Inner linkage increases leverage ratio and eases clutch pull.
- » Includes easy pull cable \$39.95, Replacement Cable \$8.95

EZ-ADJUST CLUTCH PERCH AND LEVER ⑥

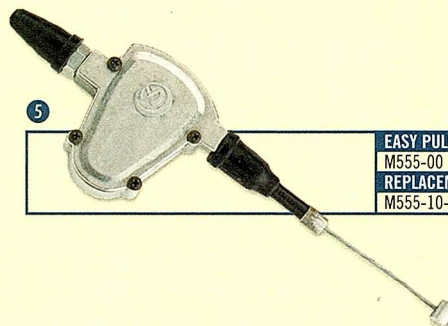

- » Same as Moose EZ-adjust clutch perch but also comes with CR-bend lever.
- » Includes cable adjuster and pivot bolt.
- » \$36.95

MOOSE FLY CLUTCH ASSEMBLY ⑦

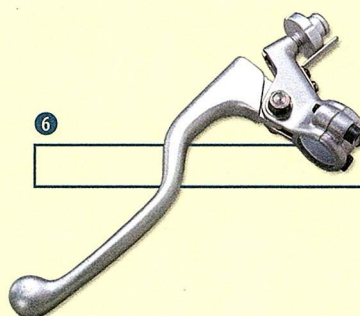

- » E-Z Adjust assembly lets you adjust cable slack on the fly.
- » Spring loaded ball bearing adjuster allows for tension adjustment.
- » Assembly includes CR bend lever.
- » High quality press fitted German needle bearing levers.
- » Removable rubber boots keep mechanisms clean and operational.
- » Nylon sleeve insert allows perch to rotate during impact.
- » \$49.95
Fly clutch perch \$32.95
Needle bearing replacement lever \$12.95

YZ TWO-PIECE CLUTCH PERCH ⑧

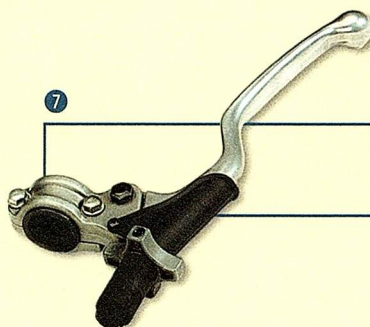

- » Two-piece design allows easy changes, without removing grips.
- » Alloy construction.
- » Includes cable adjuster and pivot bolt.
- » YZ perch w/ adjuster \$16.95
YZ adjuster only \$5.95

STEEL FOLDING SHIFT LEVERS

- » Folding tips prevent snagging on brush or rocks.
- » Replaces soft stock levers with sturdy steel.
- » Hardened splines won't slip or rotate.
- » Will withstand repeated bends without breaking.
- » \$25.95

XCR COMPETITION GRIP

- » Developed with a synthetic rubber compound to provide superior grip with maximum life.
- » Ergonomically designed waffle for maximum comfort.
- » Dual channel grooves accept wire ties to lock grip into place.
- » Available in full waffle and half-waffle styles.
- » \$7.95

ALUMINUM THROTTLE TUBES

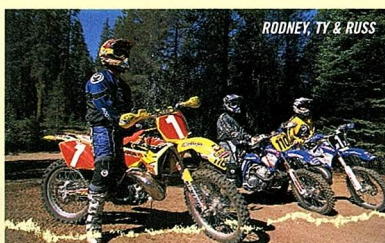

- » If you haven't already trashed your plastic stock throttle tube, you soon will.
- » One-piece billet aluminum construction is far stronger and more crash-resistant than stock plastic tubes.
- » Knurled surface for better grip adhesion.
- » Smoother operation.
- » \$49.95

2

BRAKE PADS BY DP BRAKES

- » New compounds are trail tested tough by eight-time National Enduro Champion, Dick Burleson.
- » Specifically designed for the different demands of front and rear braking.
- » Designed for the best possible combination of stopping power, long life and heat resistance.

FRONT BRAKE PADS ①

- » New high-friction S-57 sintered metal compound provides maximum stopping power.
- » Ceramic backing prevents heat from reaching brake fluid.
- » \$18.95 - \$38.95

REAR BRAKE PADS ②

- » New, improved low-wear S-47 sintered metal compound outlasts the gnarliest conditions.
- » New high-tech blue zirconium-based ceramic applied extra thick to protect brake fluid from heat.
- » Perfect match with Moose solid rotor.
- » \$18.95 - \$37.95

STAINLESS STEEL BRAIDED BRAKE AND CLUTCH LINES ①

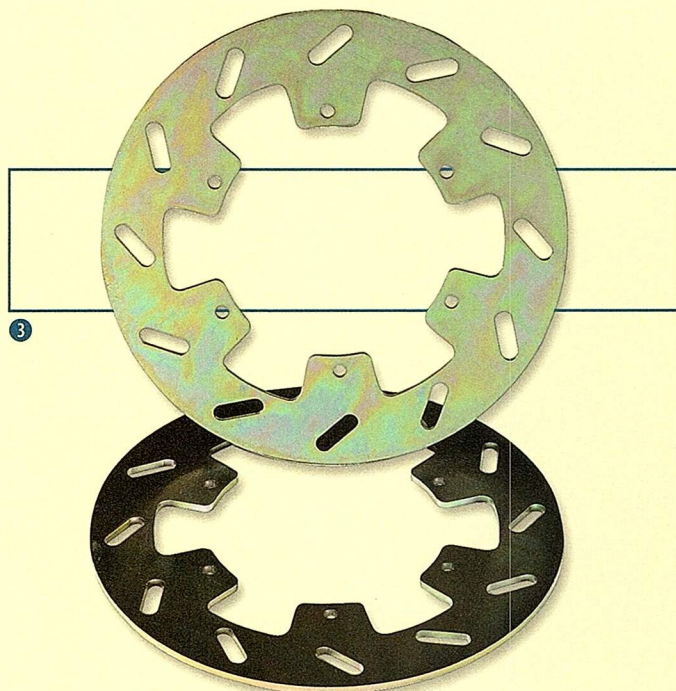

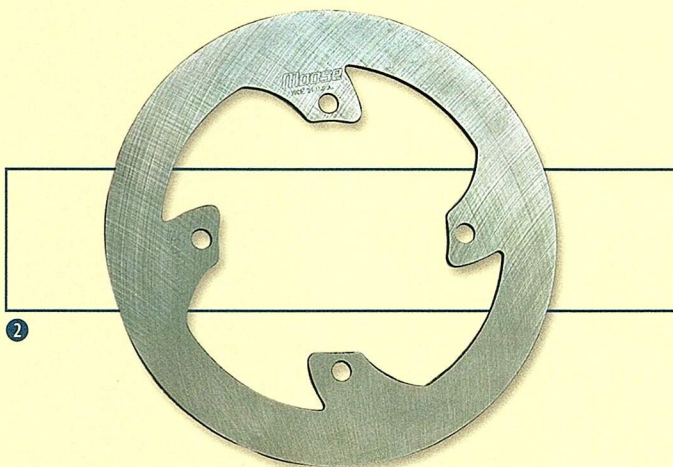

- » Designed for the punishment handed out during competition.
- » Teflon® smooth-bored with a clear plastic coated stainless steel overbraid.
- » Durable rubber boot at the master cylinder and a rigid center section.
- » Large increase in performance over stock lines.
- » \$36.95 - \$56.95

MUD-PROOF SOLID DISC ROTORS ②

- » Used by professional off-road racing teams around the world.
- » Made from high-carbon content stainless steel, which offers greater friction than standard discs.
- » No-holes design greatly prolongs brake pad life in muddy conditions.
- » Cut with a CAD/CAM laser machine, not stamped like stockers.
- » Perfect for muddy conditions, off-road, or on the track.
- » \$129.95

OEM REPLACEMENT ROTORS ③

- » Front and rear rotors available for most applications.
- » High-strength low-carbon aircraft-quality steel rotors offer greater friction and longer life than OEM rotors.
- » CAD/CAM laser-cut and finish-ground for a distortion-free flat profile.
- » Bright zinc plating to prevent corrosion.
- » A natural choice when replacing worn/warped stock rotors or when superior braking is demanded at an affordable price.
- » \$99.95

MOOSE ALUMINUM REAR SPROCKETS 1

- » Tough, lightweight sprockets at an easy-to-handle price.
- » Durable rear hard-anodized 7075 T6 aluminum in black.
- » Exclusive computer-designed cut-away pattern reduces weight, maintains strength.
- » Grooved sprockets are a gimmick – more aluminum contacting chain means longer sprocket life.
- » \$15.95 - \$53.95 Rear Aluminum

CHROMOLY-STEEL FRONT SPROCKETS 2

- » Front sprockets case-hardened chromoly-steel.
- » Made in the USA.
- » \$15.95 Front

STAINLESS STEEL REAR SPROCKETS 3

- » Manufactured from aircraft stainless steel.
- » 100% laser-cut for stress-free durability.
- » High corrosion resistance.
- » Trick light-weight CAD/CAM design.
- » Available for most popular dirt bike models in the most used tooth sizes.
- » Heat-treated for long-lasting Moose durability.
- » \$99.95

SEALED CHAIN ROLLERS 4

- » High quality seals keep water and dirt away from bearings.
- » Precision contact sealed bearings.
- » Polyurethane roller with 98A durometer hardness for long life.
- » Mounting hardware included.
- » \$14.95

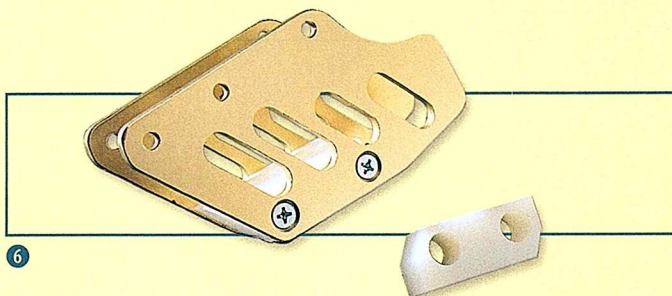

MOOSE CHAIN BLOCK 5

- » Replaces costly OEM part exactly.
- » Long wearing polyurethane construction.
- » \$17.95 - \$30.95

Brought to you by Moose Racing, exclusive high-performance racing chain.

Specific chains engineered to provide extended service life over an ordinary chain, and can withstand the rigors of offroad racing. Precise manufacturing processes of carburization, quenching, and tempering give the components of the chain optimum hardness and surface density. Heavy-duty high carbon alloy pins, Extended bushings, and solid rollers assure long life for your chain and easy wear on your sprockets.

520 RXP X-RING CHAIN ①

- » High quality, X-Ring chain.
- » The ultimate chain for offroad racing.
- » Extra high-tensile strength linkplates.
- » Rust-resistant gold plated side plates.
- » Vacuum injected greased chain.
- » New "X-Rings" reduce friction.
- » Solid bushings.
- » Replacement master links available.
- » Extra master link included.
- » \$108.95 - \$119.95

520 HPO O-RING CHAIN ②

- » High quality, O-ring chain.
- » Extra high-tensile strength linkplates.
- » Rust-resistant nickel plated side plates.
- » Vacuum injected greased chain.
- » Solid bushings.
- » Replacement master links available.
- » Extra master link included.
- » \$64.95 - \$74.95

520 RXP PRO-MX CHAIN ③

- » High quality, non O-Ring chain.
- » Designed specifically for motocross racing applications.
- » Extra high-tensile strength linkplates.
- » Rust-resistant gold plated side plates.
- » Vacuum injected greased chain.
- » Replacement master links available.
- » Extra master link included.
- » \$59.95 - \$69.95

428 RX PRO-MX CHAIN ④

- » High quality, non O-Ring chain.
- » Designed specifically for high-powered, mini-racing machines.
- » Extra high-tensile strength linkplates.
- » Rust-resistant nickel plated side plates.
- » Vacuum injected greased chain.
- » Solid rollers.
- » Replacement master links available.
- » \$23.95 - \$29.95

420 RX PRO-MX CHAIN ⑤

- » High quality, non O-Ring chain.
- » Designed specifically for mini-racing machines.
- » Extra high-tensile strength linkplates.
- » Rust-resistant nickel plated side plates.
- » Vacuum injected greased chain.
- » Solid rollers.
- » Replacement master links available.
- » \$12.95 - \$19.95

CHAIN SCRUBBER		
PART#	DESCRIPTION	PRICE
M8520	CHAIN SCRUBBER (520 CHAIN)	\$24.95
M8521	CHAIN SCRUBBER (530 CHAIN)	\$24.95
M8525	SLUDGE AWAY 16 oz.	\$5.95
M8526	SLUDGE AWAY 64 oz. refill	\$17.95
M8527	SLUDGE AWAY 128 oz. refill	\$24.95

MOOSE CHAIN SCRUBBER

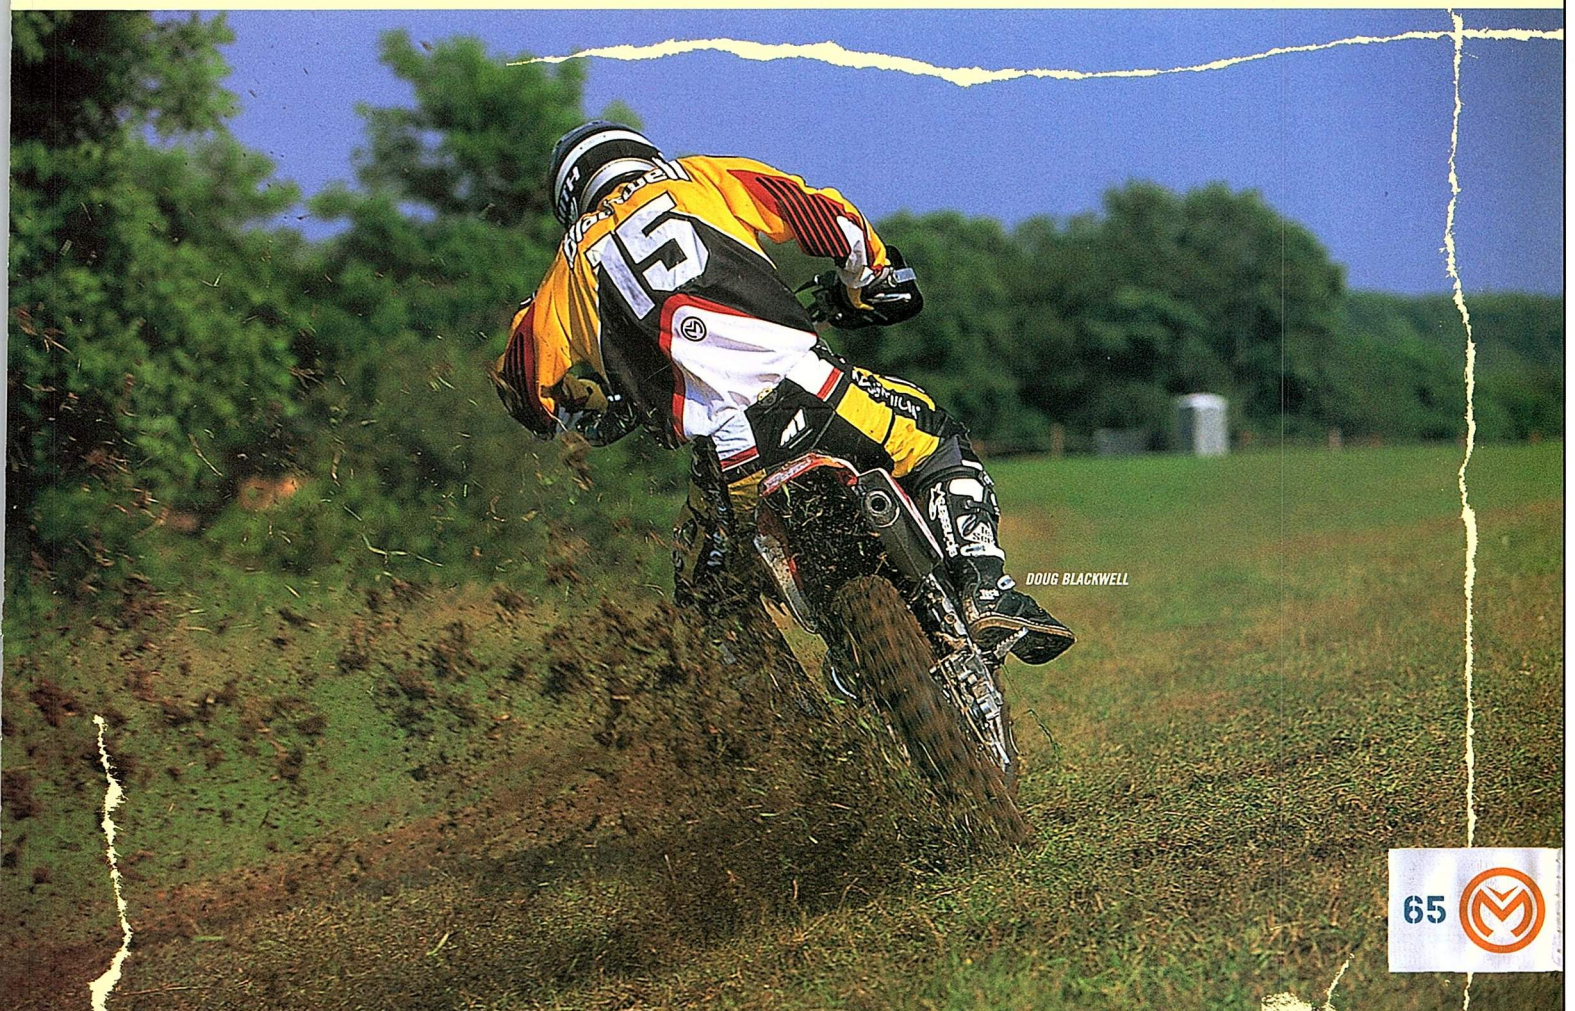

- » Stiff internal nylon brushes clean your chain as you spin the rear wheel.
- » Comes with a 16 oz. bottle of Sludge Away chain cleaner.
- » 64 oz. and 128 oz. also available.

CHAIN ADJUSTER EXTENDERS

- » Fits over chain adjuster bolts to prevent bending.
- » Great for use when the rear axle is at or near maximum adjustment to extend wheelbase.
- » Sold in pairs.
- » \$13.95

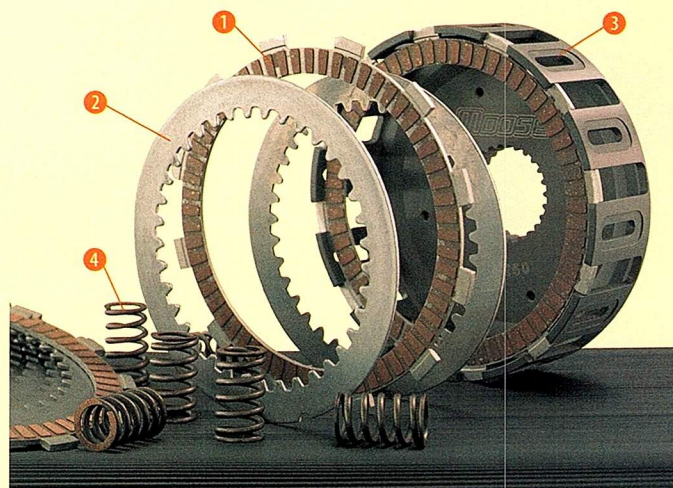

CHAIN ADJUSTER EXTENDERS

CLUTCH FRICTION PLATES 1

- » Exclusive high-heat resistance friction material for fade-free performance in the most demanding conditions.
- » Ready to install – no need to soak in oil.
- » Designed to ensure ultra-smooth power delivery.
- » \$33.95 - \$166.95

STEEL CLUTCH PLATES 2

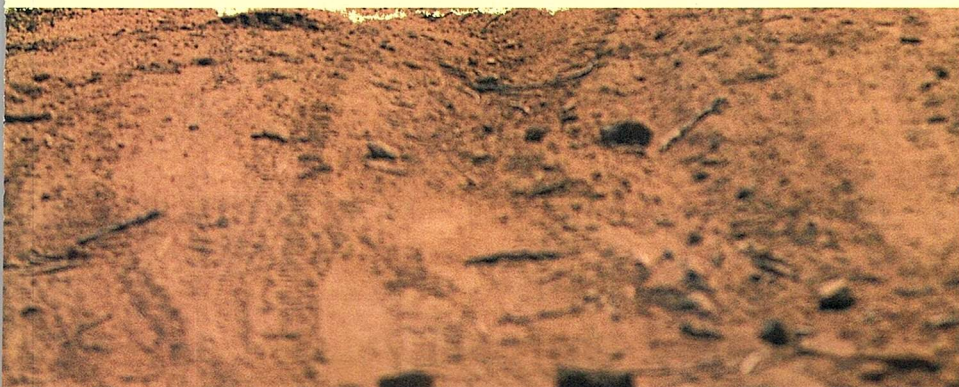

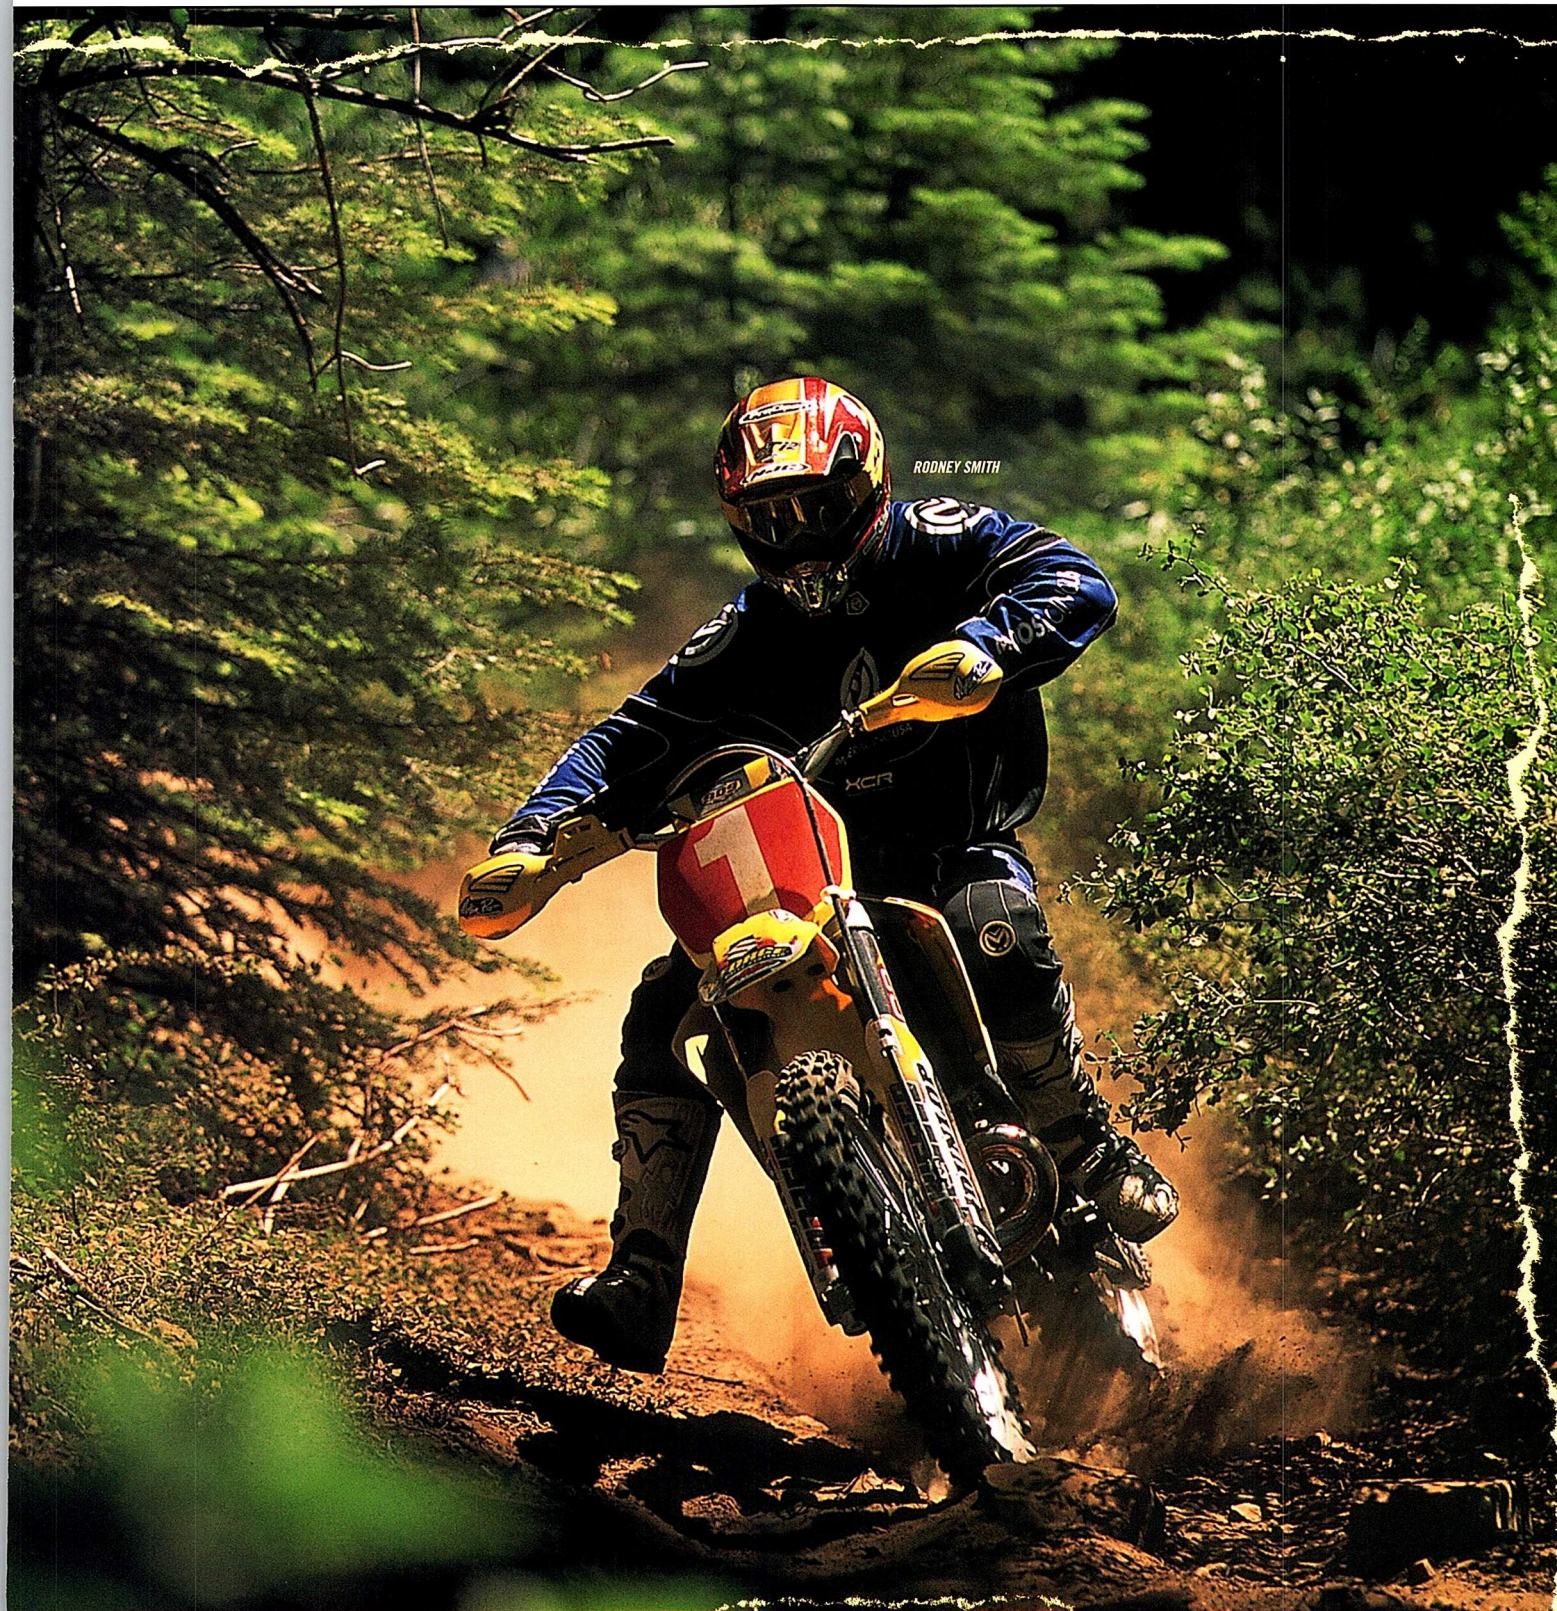

- » Made of steel, not aluminum like other clutch drive plates.
- » Won't expand, does not fade like stock aluminum plates.
- » 300% longer life than stock.
- » Increased weight (3/4 lb.) over stock plates adds flywheel effect, aiding starting and traction.
- » Sold in sets.
- » \$15.95 - \$71.95

BILLET CLUTCH BASKETS 3

- » Machined from billet aluminum, then hard anodized for longer wear.
- » Superior tensile strength and hardness, lighter weight than stock.
- » Requires use of stock retaining plate, gear and rubber shock absorbers (not included).
- » Steel plates, friction plates, and springs not included.
- » \$179.95 - \$199.95

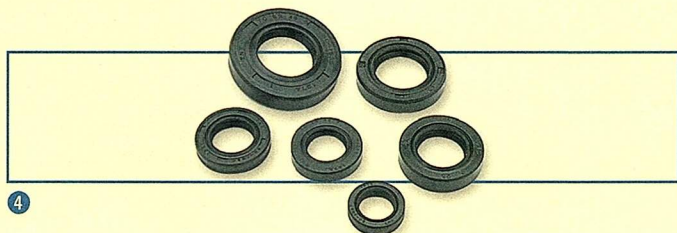

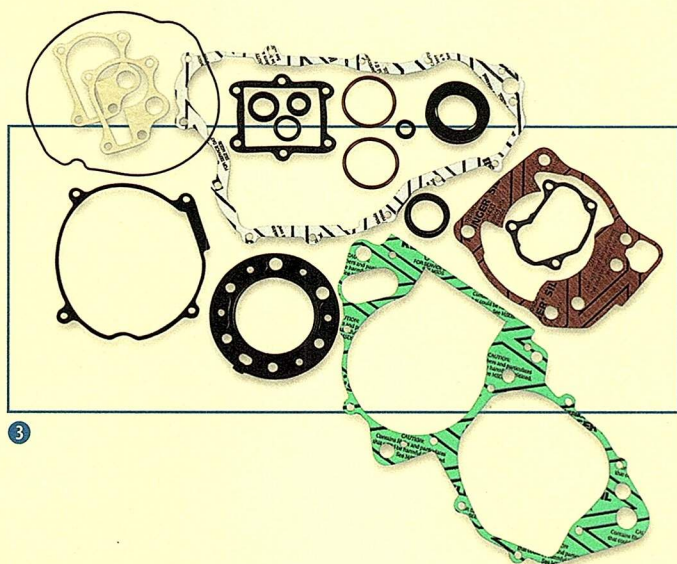

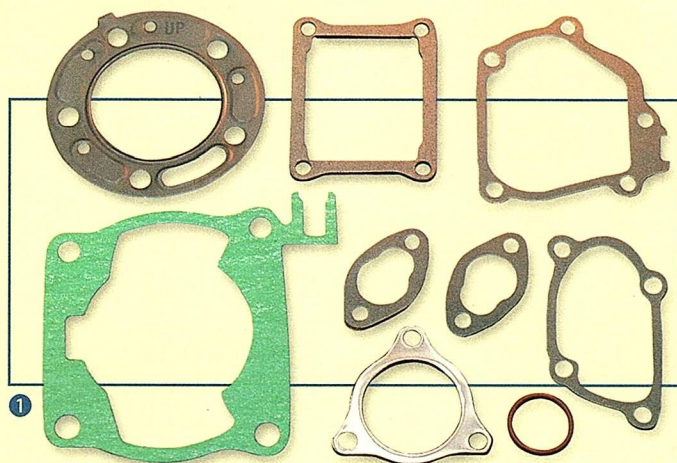

CLUTCH SPRINGS 4

- » Precision wound using the finest chrome silicone wire.
- » Heat treated and shot peened for maximum life.
- » Designed for stronger performance.
- » Offering positive clutch response.
- » \$9.95

ENGINE PARTS

MOOSE GASKET AND SEAL SETS

- » Moose can now handle all your gasket and seal needs at a fraction of OEM cost!
- » High-tech materials provide unmatched reliability and performance.
- » Rebuild the engine and transmission with total confidence as each set is designed for durability and accurate fit.
- » Oil seals are genuine OEM replacement seals.
- » All gaskets made in the USA.

STANDARD/HIGH COMPRESSION TOP-END GASKET SETS ①

- » Performance sets designed for a complete top-end rebuild.
- » Top-end gasket sets include high-performance head, base, intake and exhaust gaskets.
- » High-compression kits use .012" thick base gaskets to raise compression.
- » Cost-effective way to raise compression without expensive high-compression pistons or cylinder head work.
- » Top End Set \$5.95 - \$58.95, High Compression \$16.95 - \$43.95

COMPLETE GASKET SETS ②

- » Sets include all gaskets necessary to rebuild the entire engine and transmission.
- » \$24.71 - \$73.95

COMPLETE GASKET SETS W/ OIL SEALS ③

- » Sets include all gaskets and oil seals necessary to rebuild the entire engine and transmission.
- » \$35.95 - \$101.95

COMPLETE OIL SEALS SETS ④

- » Sets include all oil seals necessary to rebuild the entire engine and transmission.
- » \$11.95 - \$22.95

CLUTCH/IGNITION COVER GASKETS

- » No need to buy a complete engine gasket set just for the cover gasket when replacing a clutch or to seal a leaky ignition cover.
- » \$2.95 - \$5.95

CRANK BEARING/SEAL KIT ①

- » OEM matched, high-quality bearing and seal kit.
- » High quality, EMQ standard seals.
- » Rubber-covered outside diameter seals with garter-spring inner lips for optimum seal.
- » Premium quality, high speed bearings.
- » Kits include all bearings and seals required to do a crank bearing rebuild at a fraction of OEM cost.
- » \$31.95 - \$59.95

MAGNETIC DRAIN PLUGS ②

- » Prolong engine life and save on costly repairs with an oil plug that picks up metal filings.
- » Replaces OEM oil plugs exactly.
- » \$11.95

ENGINE COOLANT ③

- » New formula for even better performance!
- » Revolutionary chemical formula makes any liquid cooling system more efficient.
- » Coolant pre-mixed and ready to add to your radiator.
- » Increased heat-carrying capacity, makes engine run cooler for better power.
- » 1 gallon containers.
- » \$12.95

TORQUE REEDS ④

- » Improved performance by allowing torque to spread over the entire rpm range rather than just the hard "hit" delivered by stock or stock replacement reeds.
- » Moose torque reeds are made of the finest available carbon fiber material.
- » Carbon fiber ensures long life and crisp throttle response.
- » Broaden your machine's torque curve.
- » \$41.95 - \$44.95

TORQUE SPACER KITS ⑤

- » Simple but effective way to shift the torque curve to favor the low to mid-range band of the rev range.
- » Insert spacer between cylinder and reed valve.
- » CNC-machined, eliminating "interference" problems when installing, includes gaskets and bolts.
- » \$22.95 - \$27.95

FUEL AND CARBURETOR VENT LINE

- » High-quality polyurethane construction.
- » Fuel line available in 1/4" and 3/16" i.d.; carburetor vent line available in 1/8" i.d.
- » Choice of clear or black.
- » Fuel line available in 3-foot lengths.
- » Carb vent line comes in 5-foot lengths.
- » \$4.95 Fuel Line
- » \$6.95 Carburetor Vent Line

WIRE CLAMPS

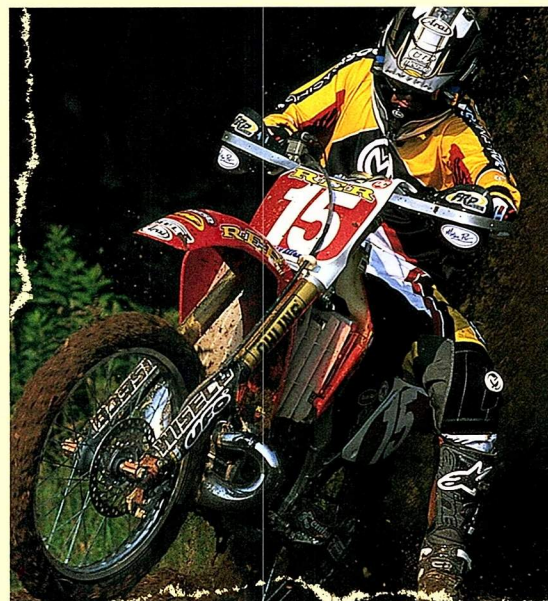

- » Self-tensioning wire hose clamps for fuel or vacuum lines.
- » Quality plated steel for long-lasting durability and function.
- » 15-piece assortment pack offers 5 each of 1/4", 5/16" and 7/16" i.d. clamps.
- » \$3.95
- » 150 Pack \$19.95

VENT HOSE SPINNER

- » Prevents vent hose from twisting and cutting off air.
- » Stops fuel starvation, allows faster refueling.
- » Brass fitting installs in seconds.
- » \$5.95

QUICK RELEASE FILTER SKIN

- » Extremely thin and durable to allow maximum airflow.
- » Pull the string to remove filterskin, exposing a clean air filter surface.
- » It's like cleaning your filter in seconds.
- » Perfect for long, dusty races.
- » Sold 3 per package.
- » \$18.95

AIR FILTERS

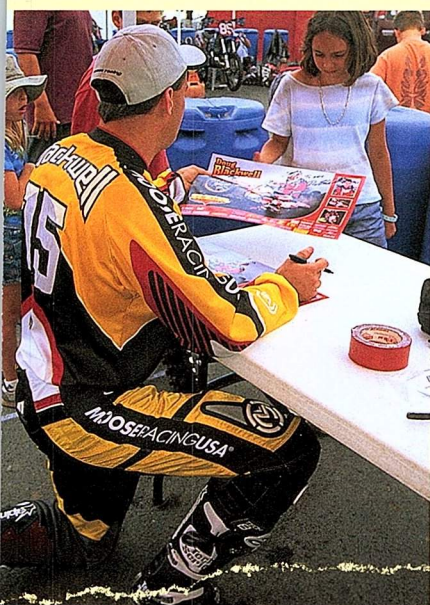

- » Bonded, 2-layer foam designed for maximum protection and air flow.
- » Filter designed as large as possible for maximum surface area.
- » New Super Seal neoprene sealing ring provides a no-grease seal.
- » Exclusive 0.65 foam.
- » Made in the USA.
- » \$3.95 - \$23.95

IGNITION

1

IGNITION STATORS AND LIGHTING/IGNITION STATORS 1

- » Replacement stators available at a fraction of OEM cost.
- » Lighting capabilities available for most current models.
- » Lighting coil fits under stock flywheel with no modification required.
- » Make your motocross bike enduro-legal at an affordable price.
- » Includes wiring instructions.
- » 1 year warranty.
- » Ignition Stator \$69.95 - \$189.95
- » Lighting Stator \$84.95 - \$214.95

2

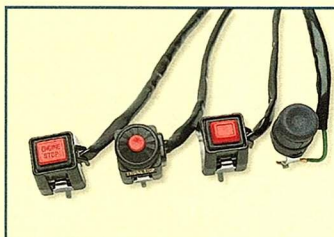

VOLT PACK
M011

VOLT PACK 2

- » Sealed and weatherproof 12-volt regulator for off-road vehicles without a battery.
- » Gives headlights and taillights longer life by regulating power and eliminating surges.
- » Compact and easy to install.
- » Includes wiring instructions.
- » \$14.95

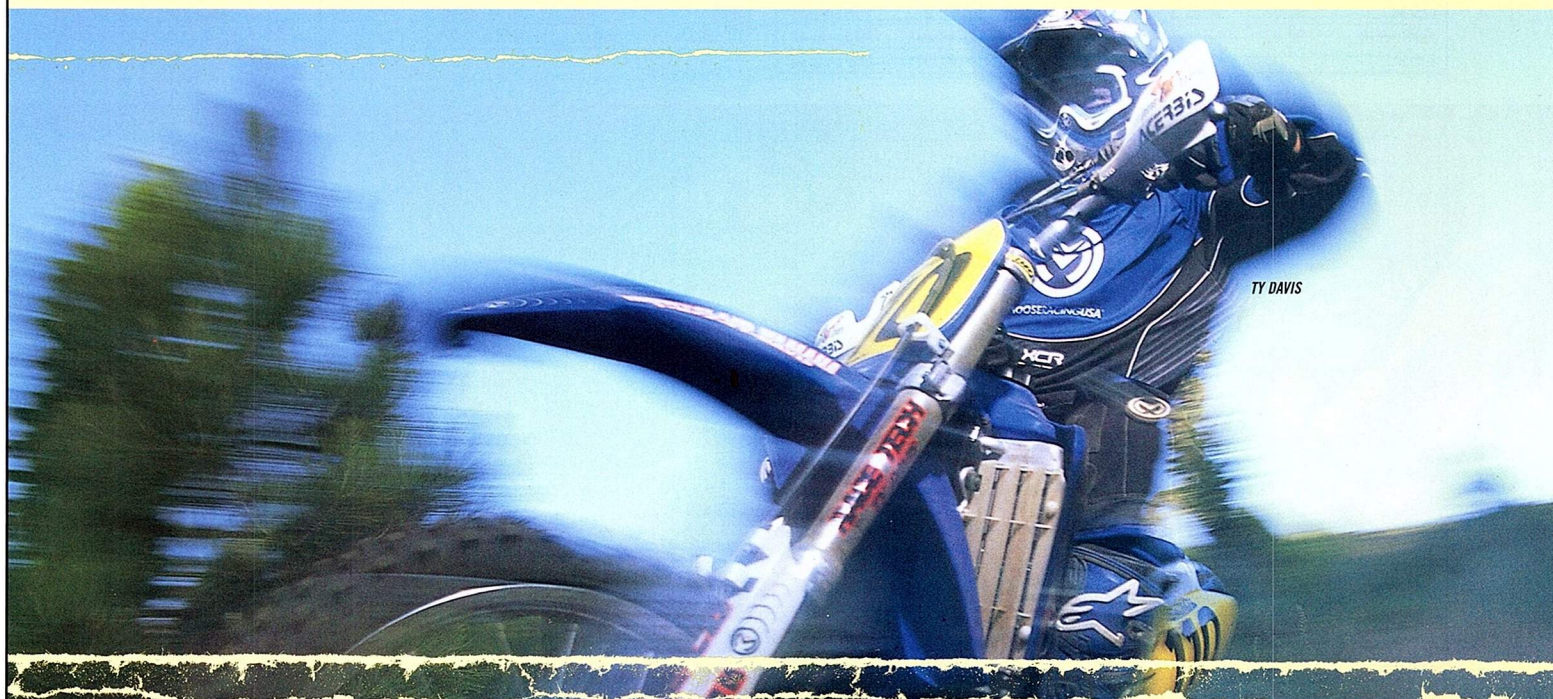

ENGINE KILL SWITCHES 3

- » OEM-type kill switches with design identical to stock units.
- » Proper wire plug-ins included for each model – no wire splicing required.
- » \$10.95 - \$17.95

SILENT SPORT MUFFLER PACKING ①

- » The best low weight – high quality packing on the market.
- » 25% lighter than stock packing.
- » Quieter and longer lasting than fiberglass packing.
- » \$15.95

FIBERGLASS MUFFLER PACKING ②

- » Repack blown out silencer for quieter running and more power.
- » Long filament fiberglass made especially for muffler packing.
- » Measures 11" x 16", more than enough to repack virtually any muffler.
- » \$5.95

EXHAUST WRAP ③

- » Ceramic cloth wrap is 2" wide.
- » Superior insulating qualities perfect for wrapping exhaust header pipes to protect you or your machine from intense heat.
- » 50 foot roll is enough to wrap one long header or critical areas on multiple exhausts.
- » \$53.95

EXHAUST TAPE ④

- » High-temperature Gore-Tex® Teflon exhaust tape with adhesive.
- » Eliminates exhaust leaks between header pipe and cylinder head.
- » Package includes two strips of tape that are .020" thick, 1"W x 8"L.
- » \$14.95

HEAT SHIELD ⑤

- » Aluminized heat barrier with adhesive backing.
- » Foil-coated ceramic cloth adheres to body panels to protect plastic or fiberglass from engine or exhaust heat.
- » One 18" x 18" sheet provides 324 square inches of superior heat protection.
- » \$16.95

EXHAUST SPRINGS ⑥

- » Stainless steel construction gives superior strength and appearance.
- » Swivel hook design eliminates binding, extending spring life.
- » Available for most late-model 2-strokes and 4-stroke models.
- » Easy installation with the Moose spring puller (sold separately on page 45).
- » Sold in pairs.
- » \$8.95

SILENT SPORT REPACK CARTRIDGE

- » The latest in muffler packing technology.
- » Offers consistent packing density.
- » Cuts installation time in half.
- » 25% lighter than stock packing.
- » Lasts 5-10X longer than glass mat packing.
- » Outer casing made from carbon coated fiber which remains intact for removal of used part.
- » \$18.95 - \$23.95

*F Suffix indicates that the part is flat (not pre-rolled) due to muffler design.

*E Suffix = Pro Circuit R304 silencers with Euro style end-cap.

ALUMINUM SKID PLATES

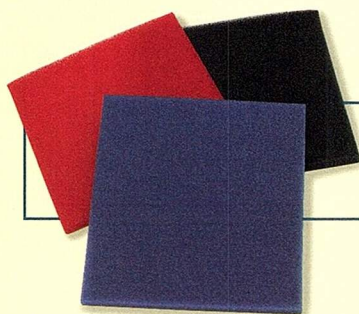

- » Ultra-strong yet lightweight aircraft aluminum.
- » Protects vital engine parts from rocks and debris.
- » Smooth underside won't snag when crossing logs.
- » Custom fit provides maximum protection with minimum bulk.
- » Oil drain hole on all models.
- » Clear anodized for corrosion protection and good looks.
- » All mounting hardware included.
- » Replacement clamps and bolts available.
- » \$66.95 - \$79.95

GLIDE PLATES

- » Extra thick 5/32" 5052 H32 Aluminum Alloy construction.
- » Clear anodized for corrosion protection and good looks.
- » Protects engine cases from rocks and debris.
- » Oil drain hole on all models.
- » Heat treated chrome moly steel clamps keep plates mounted securely for years.
- » Custom-made per model for a perfect fit.
- » All mounting hardware included (8mm bolts).
- » Replacement clamps and bolts available.
- » \$54.95 - \$59.95

SKID PLATE FOAM

- » Keep debris from packing between your engine and skidplate.
- » Choose from 11" x 12" x 3/4" or 8" x 10" x 2".
- » Available in blue, red or stealth.
- » \$9.95

SHARK FIN DISK PROTECTORS

- » Thick aluminum alloy guards keep out the rocks and roots that end races.
- » Custom fit bolt-on protection (KX is weld-on).
- » \$29.95

PEDAL PROTECTOR

- » Keeps trailside nasties from wedging between the shifter/brake pedal and engine cases.
- » Sturdy cable helps prevent rocks and stumps from bending pedals.
- » \$9.95

PEDAL PROTECTOR

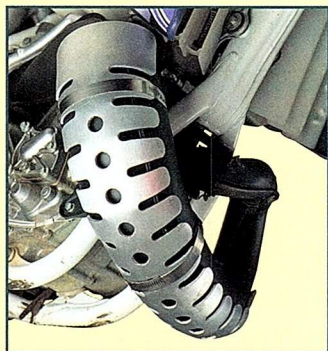

MH05

PIPE ARMOR

- » This protector eats rocks for lunch.
- » Ultimate protection for your vulnerable and expensive exhaust.
- » 3mm thick aluminum is the thickest pipe protector available.
- » Helps prevent power-robbing dents.
- » \$39.95

CARBON FIBER FORK GUARDS

- » Super-strong, lightweight, high-tech carbon fiber protection for vulnerable outer fork tubes.
- » Stop dents that can cause stiction and get that "werks" look at the same time.
- » Sold in pairs.
- » \$44.95 - \$64.95

ICE TIRE WRAP
M01069

HEAVY-DUTY TUBES

- » Heavy-duty tubes made specifically for off-road and motocross.
- » The sturdiest, highest quality tubes on the market.
- » Natural rubber construction resists pinch flats.
- » New mini applications.
- » \$8.95 - \$18.95

FOAM TUBE

- » Resist puncture and pinch flats with a Moose foam insert.
- » Protects rim from rocks and sharp edges reducing "dings".
- » Kit includes foam insert and inner tube.
- » \$59.95

LIQUID ARMOR TIRE SHIELD

- » Inexpensive insurance on the trail against punctures.
- » Water-based formula won't freeze, dry out or ball up in tire.
- » Heavy duty, long lasting and easy to install.
- » 16 oz. squeeze bottles.
- » \$7.95

TIRE PENS

- » Add a custom touch to tires.
- » Valve-action wick tip makes application easy.
- » Specially formulated ink stays on.
- » Choice of five colors.
- » \$11.95

MOOSE TIRE INFLATOR KIT

- » Tire inflator kit includes three CO2 bottles and the adapter hose in convenient carrying bag.
- » Each large capacity cylinder will fill a standard front or rear tire.
- » Replacement CO2 bottles are available in packs of 5.
- » CO2 bottles cannot be transported on an airplane.

ICE TIRE WRAP

- » Keep your screws sharp with the burliest tire wrap on the market.
- » Elastic inner ring creates a formed fit with bungee cord closure.
- » 5" wide inner core protects even the widest tire.
- » Universal fitment for all tires up to 21" diameter.
- » \$39.95

WHEELS

WHEEL BEARINGS

- » Premium quality, high speed bearings.
- » High quality, EMQ standard seals.
- » Rubber-covered outside diameter seals with garter-spring inner lips for optimum seal.
- » Kits include all bearing and seals required to do a wheel bearing rebuild at a fraction of OEM cost.
- » \$6.95-\$54.95

ACCESSORIES

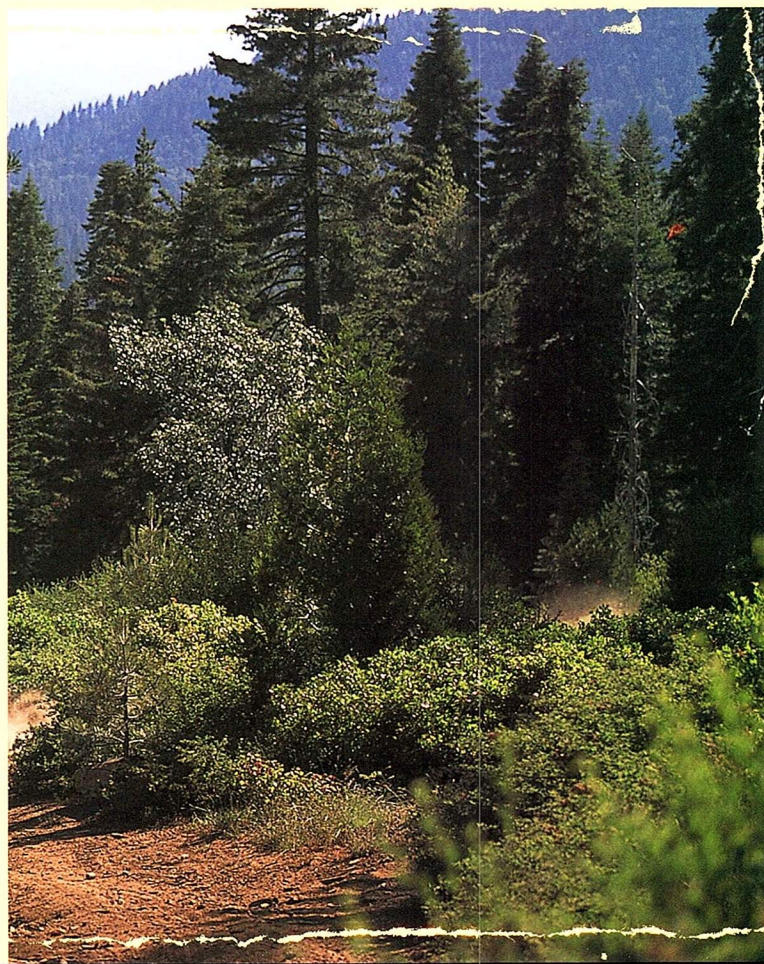

MOOSE REPLACEMENT SEATS

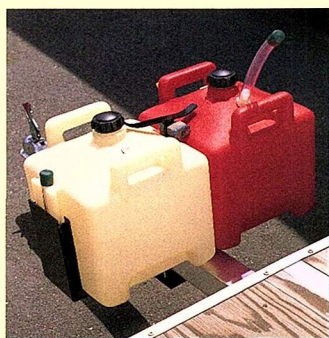

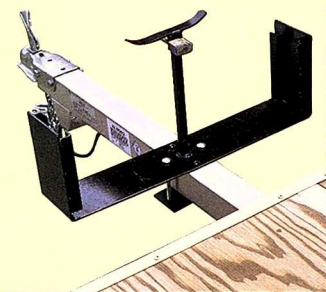

- » Replaces OEM seats at a fraction of the cost!
- » Polyurethane closed cell foam to reduce foam break down.
- » Seat base is composed of nylon, making it stronger than the stock polypropylene base.
- » The seat includes a two-tone gripper seat cover, foam, base and aluminum mounting tabs.
- » Available with standard or tall seat foam.
- » Standard \$99.95
- » Tall \$105.95

ALUMINUM RAMP ①

- » Extruded aluminum construction for extra strength.
- » Durable zinc-plated tongue.
- » Rated at 300 lbs.
- » 6' long x 6" wide.
- » \$49.95

HEAVY-DUTY ALUMINUM LOADING RAMP ②

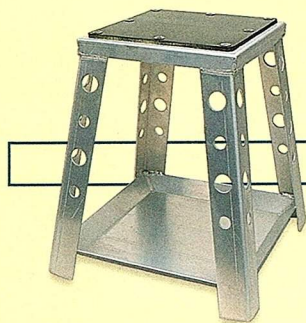

- » One piece rolled and stamped design provides the most stable ramp in a compact size.
- » Exclusive radiused channel keeps wheels centered to prevent tires from riding up sides & flipping ramp over.
- » Flared ends and tapered sides give more room for easy entry onto ramp.
- » Traction holes punched in ramp channel grip tires even when wet or muddy.
- » Key-hole slot at top of ramp locks into the optional ramp retaining pin attachment.
- » 7' long; 800 lb load rating, 400 lb. max. per tire.
- » \$64.95

HEAVY-DUTY ALUMINUM LOADING RAMP RETAINING PIN ATTACHMENT ③

- » Lightweight aluminum design helps lock Moose heavy-duty aluminum loading ramp in place when loading and unloading.
- » Universal mount can be easily customized to fit any vehicle or trailer.
- » \$6.95

CLAMP-ON SIDE STANDS ④

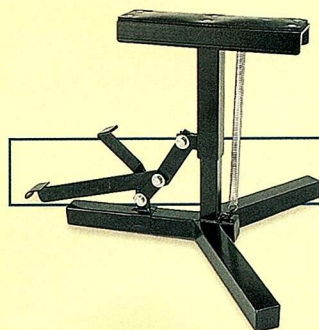

- » Attaches firmly and easily to the swingarm.
- » Simply position on the swingarm and tighten the clamp bolts - no drilling required.
- » YZ stand has tapered mounting bracket to fit YZ swingarm profile perfectly.
- » Strong enough to pivot bike on stand to adjust or lubricate chain.

ALUMINUM BIKE STAND
M211

ALUMINUM BIKE STAND

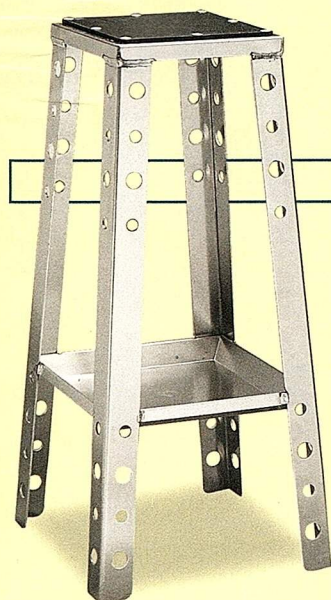

- » Constructed of durable lightweight 6061 aircraft-quality aluminum.
- » Features heavy-duty tool tray and extra thick, rubber-padded, riveted top.
- » Angled legs help stand stay stable no matter what the terrain.
- » Bottom tray constructed to allow easy retrieval of parts and tools.
- » 16" tall; top 10 1/4" square.
- » \$66.95

STEEL LIFT STAND
M71-0300 MX
M71-0400 DS

STEEL LIFT STAND

- » Easy lift and release lever.
- » Return spring offers smooth operation.
- » Three-point base for exceptional stability.
- » 1/4" rubber pad is riveted to channel steel platform.
- » Two height choices: low dual sport bikes and high for MX bikes.
- » 1/4" center gap provides stability on uneven surfaces.
- » \$79.95

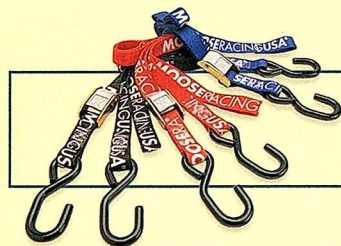

ALUMINUM BIKE STAND
M71-0500

MOOSE ALUMINUM PEE-WEE STAND

- » Allows more efficient maintenance of pee-wee bikes.
- » Stop breaking your back on small bikes.
- » Bottom tray constructed to allow easy retrieval of parts and tools.
- » 32 1/4" tall; top 10 1/4" square.
- » \$89.95

HEAVY-DUTY TIE-DOWNS

- » High quality tie-downs that don't die after one season.
- » 7' long- 1' longer than industry standard.
- » Two oversized-high-strength rubber coated hooks.
- » Straps are printed with Moose logo and identification tag so they don't walk away.
- » Available in 3 color choices.
- » \$23.95
